Fight Geese Howard

To fight against him you must:

- finish the game up to Krauser with No Losses
- score over 750.000 by the time Krauser is defeated
- score over **S** at least once, and never score a **C**

If the three conditions set above are fulfilled, the player should see a screen with the words "Nightmere" instead of the usual "congratulations" screen, and fight with Geese in a stage similar to that in FFS.

Play Geese Howard (Home version only)

Finish the game without losing a round, thus obtaining ACE status, and at the Ranking screen press:
