Time Attack Mode

Insert coin, hold Ⓐ+Ⓑ+Ⓒ+Ⓓ and then press (START)

EX Mode

To access EX Mode, select your character. Then set the mode to Speed, then press Ⓒ six times, then move the mode to Power, press Ⓑ three times, move back to Speed and press Ⓒ four times. EX Mode will now be selected.
In EX Mode, your character:
- does less damage per strike
- takes significantly more damage when hit
- takes longer to charge up his/her Super Meter
- can use **Chain Combos**
- can interrupt certain special moves into **Desperation Move**
- can do **Super Desperation Moves** when lifemeter is flashing and Super Meter is full
- can do **Combo Specials** when Super Meter is full

Play as Hagure Hitogata

Hagure Hitogata isn't really a character, but a means of always generating a mirror match. By selecting it for use in battle, you will always take the form of your opponent, including the mode he/she has selected (Speed/Power/EX).
To select Hagure Hitogata, place the cursor over Akari on the character select screen, and within four seconds:

push Ⓒ eight times
push Ⓑ nine times, then wait 1 second
push Ⓒ once

If done properly, you'll hear a voice. Press Ⓐ/Ⓓ to select him.

Play as Naoe Kotetsu

She is not actually playable. By selecting her, you will get a different select screen picture, and a new intro, but you'll end up playing Shigen anyway. However, the new intro animation is extremely funny, which makes it worth trying out.
To select Naoe Kotetsu, place the cursor over Shigen on the character select screen, and within four seconds:

push Ⓒ five times
push Ⓑ ten time
push Ⓒ two times

If done properly, you'll hear Kotetsu say "Ossha!" and you can select her by pressing Ⓐ/Ⓓ

Play as Kaede

To select Normal Kaede (before the Awakening), place the cursor over Kaede on the character select screen, and within four seconds:

push Ⓒ nine times

push **B** once
push **C** four times

If done properly, you'll hear Kaede's voice, and then you can select his normal version by pressing **A**/**D**

Hibiki' s Alternative Ending

If you kill your opponents (cutting them in half, best way is using DM as last move), Hibiki will give you different quotes at the end of each match depending on how many you have killed.
If you kill 6 characters before finishing the game, the ending will be different.

Lee' s Alternative Ending

Beat the game without using any continues with Lee and you' ll get a different ending.
